President's Message

"Yesterday, Today, Tomorrow"

"Can We Survive?

GEORGE H. WILLIAMS, III '66

Today dentistry is undergoing major changes. Dentistry as our forefathers envisioned it is becoming a thing of the past. To some this is impossible to fathom. To the foresighted these are exciting times!

The old story of a partly cloudy day for the pessimist or a partly sunny day for the optimist was never truer. New methods of delivery of health care and expecially dental health care seem to be blossoming every month. More equitable methods of reimbursement to the hard working dentist are being provided all the time.

What does this all mean?

It means dentistry is as strong and viable today as it ever has been, probably more so. For some time we have taken our rightful place alongside the other health care providers in providing the American citizen with the best health care available in the world.

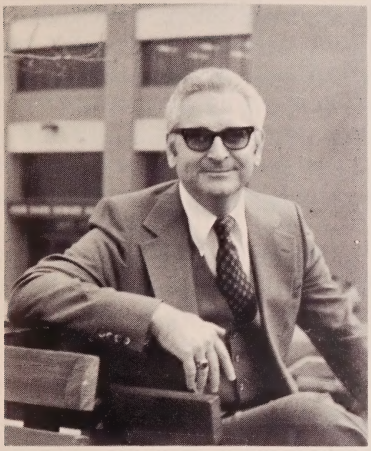
It means we must understand to the best of our abilities the pressures that are pushing on dentistry from all sides, some good, some bad.

Most of us owe a great deal of what we are today to what we got at our school. I am proud to be a dentist, proud to have graduated from Maryland, and proud to be President of your Alumni Association.

All the way back to 1840, many brave and courageous men have led the way for us. Join the Alumni Association sure; but, more importantly, in today's society more than ever before be mindful of the ideals which have made dentistry a health science. Stand up for and live the ideals and ethics of our profession.

Can we survive — **ABSOLUTELY!**

Dean's Report



DEAN ERROL L. REESE, D.D.S.

The faculty and administration of this School embarked on an extremely ambitious program to develop a comprehensive school-wide evaluation system. Several committees and most of the faculty are actively developing a system which has the ultimate goal of improving this program of dental education. I believe that it is the first time in dental education that a dental school has embarked on such a comprehensive system of self-review and self-improvement. At the present time, the development of this process is far ahead of schedule and I am pleased with the dedication and commitment of the faculty and administration, reflecting their obvious desire to improve all levels of this program.

It is incumbent upon all faculty members to continue their present level of participation and if possible, to increase their efforts to secure funds to support the research efforts at this School. I can assure you that we will do everything in our power to obtain funds for the purpose of providing additional seed money to permit young faculty members to begin their career in research. Proposals have been developed which would assist in this manner. I look forward to the day when the seed money we have been able to provide will bring major grants and contracts to our school.

This Dental School provides service on many levels to the citizens of Maryland and to the various professions that we serve. We look forward to the expansion of our programs in continuing education, through the participation of every department in this important service to the dental profession. This school continues to be a site of community health care for the City of Baltimore. I believe that in the future we will consider our various clinics as an important point of delivery for oral health care services to Baltimore. Within the very near future, I believe that our clinics in all areas of the school will be operating on a 12-month basis so that we can provide this service on a continuing basis.

During the past five years, tremendous interest and effort has been directed toward the fiscal status of all dental schools. The administration, including the Executive Committee, made the decision more than a year ago to phase out of the federal capitation program. The decision was both correct and timely, for soon afterward it became apparent that the federal government has every intention of terminating the federal capitation program in the next few years. Our phase-out of capitation was planned to be completed over a brief period of two years. It was and still is hoped that by

July 1, 1980 we will no longer be dependent on capitation monies for salaries and wages. This plan is contingent upon additional support primarily from the State of Maryland and also from private sources. This past year we asked for and received some 19.3 additional positions. These positions were used to place both classified and faculty who were presently on capitation or other grant monies on state line items during FY 1979. For FY 80, three faculty and fourteen classified new positions were requested. Once again, the intention was to place individuals presently on capitation and other grant sources on state line items during FY 1980. Although the University supported our request as well as the Board of Regents and the State Board of Higher Education, we did not receive funding for the total request. We received funding for the Special Patient Clinic for 2.9 faculty positions and 1 classified position. This state support is obviously far short of our needs in the phase-out plan. At the same time, the Annual Giving Program, which showed impressive growth for the first two years, seems to have reached a plateau far below that amount needed to assist phase-out plans.

The Dental School has submitted its initial request to begin the process of the asking budget for 1981. The request contains an additional 4.5 faculty positions and 25 classified positions for FY 81. This is a result of the lack of support during FY 80 and continues the request for sufficient positions, both faculty and classified, to meet our phase-out plan.

Because of these factors, some modification in our plans has been necessary. What this specifically means is that the phasing out of federal capitation during this coming fiscal year may have more impact, particularly if our request to the state legislature is not fully funded. I believe that, if it is fully funded, our phase-out plans will continue to be smooth and will achieve our final objective.

The Dental School anticipates, during the early weeks of January, 1981, a visit by the Commission on Accreditation of the American Dental Association. The purpose of this visit is to review the dental, dental hygiene and postgraduate programs for the purpose of accrediting them. We will begin this fall to prepare the necessary data for their visit. We hope that the preparation for this site visit will not inhibit the present progress in curriculum development. I believe it is important to sustain efforts toward both curriculum development and the comprehensive system of evaluation during preparations for the site visit. We have made too much progress to be diverted by the accreditation process.

Within the next year, the Dental School will be reviewing future enrollment in all of our educational programs. An ad hoc committee to review enrollment and future needs of the State and region has been appointed and charged to report to the Faculty Council their recommendations for future enrollment.

I have been overwhelmed with the achievements and accomplishments of the faculty. In my opinion, the faculty of this School is the greatest in its history. I believe that through increasing cooperation, the administration and faculty are achieving more of our established goals and objectives for the educational program as well as in the area of research and service. Faculty participation at all levels—state, national and international—and faculty contributions on this campus and to this School have been significant, both in number and quality.

I salute the faculty and administration of this School for not only maintaining this fine program of dental education but improving it greatly over the past several years.

Accelerated Professional Training

Left to right: Marjorie Maxwell, Don Westbrook, Vanessa Paterakis, Eric Gross, Julia Llewellyn, Vice-President, Jim Tanneyhill, President, Ken Yao.

The accelerated Professional Training Program will graduate its sixth class in June. Of the eight graduating seniors, one will continue at BCDS in the post-graduate Periodontics program; two will enter military service; two will enter the Public Health Service and three will pursue general practice residencies.

The APT population is currently comprised of twenty-nine students from as far away as Southern California and Utah. However, the majority still come from the greater Baltimore-Washington area.

JIM TANNEYHILL

BALTIMORE COLLEGE OF DENTAL SURGERY
DENTAL SCHOOL, UNIVERSITY OF MARYLAND
AT BALTIMORE

Awards to Candidates for the Degree of Doctor of Dental Surgery, 1979

University Gold Medal for Scholarship (Summa Cum Laude)
Julius Stephen Necciai

The recipient of the University Gold Medal and the following Magna Cum Laude graduates are awarded Certificates of Merit
Michael Larry Davidson
Constance Gail Rubler
Frederick John Kiemle
Karen Williams Corey
Christopher George Rafferty
Robert Roy Windsor
Howard Philip Shockett
Joseph Eric Levy
John Andrew Sawchuk

Certificate of Honor to the Outstanding Graduate of the Accelerated Professional Training Program
Geraldine Kwong Koehler

Membership in Omicron Kappa Upsilon Honorary Dental Society
Paul N. Anderson
Karen Williams Corey
Sharon Crane
Michael Larry Davidson
Lawrence Steven Eden
David Edward Grimm
Frederick John Kiemle
Geraldine Kwong Koehler
Peggy Ann Yules Leary
Joseph Eric Levy
Julius Stephen Necciai
Joanne Patricia Salerno-Paul
Christopher George Rafferty
Constance Gail Rubler
John Andrew Sawchuk
Howard Philip Shockett
Michael Alan Siegel
Robert Roy Windsor

The Alpha Omega Scholarship Award
For proficiency in the course of study
Julius Stephen Necciai

The Sigma Epsilon Delta Memorial Medal
For highest average in Basic Biologic Sciences
Michael Larry Davidson
Frederick John Kiemle

The Herbert Friedberg Memorial Key (Class of 1937)
To the resident of New Jersey who completes the course with the highest scholastic average of students from that State
Paul Barry Lavine

The Timothy O. Heatwole Chair (Class of 1923)
To the Senior who has best exemplified the qualities of ethical standards, kindness and humanitarianism
Julius Stephen Necciai

The Katharine Toomey Plaque
For devotion to the School and to the profession
Marc W. Herman

The Nathan David Gold Memorial Award
For conscientious and enthusiastic dedication to clinical practice
Joanne P. Salerno-Paul

The Edgar J. Jacques Memorial Award (Class of 1917)
To the Senior most proficient in oral surgery
Michael Kevin Exler

The Harry E. Kelsey Award for Professional Demeanor
(Endowed by former associates of Dr. Kelsey: Drs. Anderson, Devlin, Hodges, Johnston and Preis)
Edwin Marion Hurd, Jr.

The Harry E. Latcham Medal
For complete oral operative restoration
Joanne P. Salerno-Paul

The Alexander H. Paterson Memorial Medal
For practical set of full upper and lower dentures
Vivienne Esmilda Grant

The Harry B. Schwartz Award
To the Senior who excelled in fixed partial prosthesis
Lawrence Steven Eden

International College of Dentists Award
To the Senior who has shown the most professional growth and development during four years of study
Leonard Steven Gordon

Academy of General Dentistry Certificate
To the Senior displaying characteristics of an outstanding general practitioner
Michael Larry Davidson
David Edward Grimm

The Maryland Academy of General Dentistry Award
For high proficiency in clinical care and patient management
Van Purdy Thompson

The Alumni Senior Thesis Medal
John Kevin Brooks

The Pierre Fauchard Academy Award
For leadership and dedication to the advancement of dentistry through a contribution to dental literature
Ronald Mark Grossman

The Senior Essay Contest Award
Mandelle Blumstein

Basic Dental Science Achievement Award
For highest average in Basic Dental Science
Karen Williams Corey

American Dental Society of Anesthesiology Certificate
Dean Bennett Massey

American Society of Dentistry for Children Award
Joseph Eric Levy

The Maryland Society of Dentistry for Children Achievement Award
Marvin Eugene Poland

American Academy of Dental Radiology Certificate of Merit
Vincent Joseph Prestipino

American Association of Endodontists Award
Bruce Paul Mandel

American Academy of Gold Foil Operators Certificate
Leo Vincent Trail, Jr.

Academy of Operative Dentistry Award
Lawrence Douglas Martin

American Academy of Oral Medicine Award
Thomas Charles Dumsha
Julius Stephen Necciai

American Academy of Oral Pathology Award
Thomas Charles Dumsha

American Association of Orthodontists Certificate
John Andrew Sawchuk

American Academy of Periodontology Award
Michael L. Davidson

Textbooks are awarded annually to certain members of the graduating class. Those selected this year for the honor are:

Frederick John Kiemle ---------- *Microbiology*
Michele Marie LeComte ---------- *Oral Health Care Delivery*
Christopher G. Rafferty ---------- *Oral Surgery*

Who's Who Among Students in American Universities and Colleges

Awards to Candidates for the Postgraduate Certificate, 1979

The Daniel Edward Shehan Award
For achievement of academic and clinical excellence in the field of orthodontics
William Bell McLaird, III

Awards to Candidates for the Degree of Bachelor of Science, 1979

University Gold Medal for Scholarship (Bachelor of Science with High Honors)
Pamela H. Platt

The recipient of the University Gold Medal and the following Honors graduates are awarded Certificates of Merit

Leslie Ann Cammarata
Mary Lou Parker
Debra Susan Cloud
Susan Helen Macagney
Judith Ann Liszewski
Lisa Ellen Garron

Membership in Sigma Phi Alpha Honorary Dental Hygiene Society

Leslie Ann Cammarata
Judith Ann Liszewski
Susan Helen Macagney
Pamela H. Platt

Department of Dental Hygiene Clinical Excellence Award
For outstanding clinical performance and application of knowledge in the provision of dental hygiene services and the delivery of total patient care
Mary Lou Parker

Department of Dental Hygiene Professional Service Award
For outstanding leadership and participation in community activities and student and professional organizations
Mary Dawn McGee

The Alpha Omega Ladies Auxiliary Award
For exemplifying the qualities of humanitarianism, ethical standards and devotion to the profession
Dorothy Lee Dickinson

Maryland Dental Hygienists' Association Award
For outstanding interest in and potential for active participation in professional organizations
Rita Marie Kurek

Greater Baltimore Dental Hygienists' Society Award
For outstanding interest and participation in the University of Maryland Chapter of the Student American Dental Hygienists' Association, and potential for involvement in the Baltimore Society
Judith Ann Liszewski

Who's Who Among Students in American Universities and Colleges

"Did someone help you when you were in dental school?"

"I remember the times when people helped me. There were discouraging moments when others gave me guidance that enabled me to make it through. And there was financial help when I really needed it.

"I've never forgotten that assistance. That's why I'm involved with the AFDH campaign! It's a way of repaying some of the help I enjoyed when I needed it.

"If you feel the way I do, you can help too. Simply make a contribution to the American Fund for Dental Health! Your check will help provide scholarships for some of the country's 20,000 dental students, and it will help support the many research projects that ultimately help you practice better dentistry.

"I hope you'll send your check right now. There's really no better way of remembering the help you got when you were in dental school!"

American Fund for Dental Health
211 East Chicago Avenue, Suite 1630, Chicago, Illinois 60611

STUDENT DENTAL ASSOCIATION

SDA Officers for 1979-80: Left to right: Jim Taneyhill, Stan Ordman, Gene Sambataro (President), Sam Hishmen, Arnie Mann (Finance Manager), Bruce Brown, Jeanne Salcetti (Council Secretary), Mike Borreson (Vice President).

The Student Dental Association of the Baltimore College of Dental Surgery consists of many devoted students willing to sacrifice their time and efforts to create an environment more conducive to quality education. Not only are these students active in the Dental School but also on the campus, university and state level. The Student Dental Association provides two representatives on the Baltimore Campus Senate, of which the Student Affairs Committee has been chaired by a dental student for the last two years. The student representative for the UMAB campus Chancellor's search committee is a dental student and, because of the SDA's past president (1978-1979) action with the television media, parking and security have become a priority with the Chancellor's office. The student alliance of the University of Maryland was formerly chaired by a dental student and continually has representation every year. The student representative from the UMAB campus to President Toll's inauguration was also a dental student. At the state level there is a dental student representative on the student advisory committee for the State Board of Higher Education.

A quote by Dr. B. Herbert Brown, past chairman of the Board of Regents, "the Student Dental Association is one of the strongest student associations I have ever dealt with", indicates the respect and acknowledgement toward the SDA by university officials.

To focus attention to the activities at the Dental School, students have representation on almost every faculty committee including admissions, curriculum, instruments and equipment, library and publications, research and recruitment committees. Other areas of input include: 1. the student affairs committee which organizes freshman orientation, career day, the annual Gaver memorial lecture and student-faculty weekend, 2. the judicial board, co-chaired by a student, serves as an advisory board to the Dean reviewing cases of infraction of the honor code, 3. the student clinic advisory board, co-chaired by a student, provides direct input to the office of clinical affairs, 4. accreditation committee which is preparing for the accreditation site visit in January 1981 and 5. faculty-alumni liaison committee.

The subcommittees of the Maryland State Dental Association with student representation include: the council on dental education, council on dental health, legislation committee, council on dental trade and lab relations, council on hospital dental service, public relations, student professional advice, council on dental care, planning, access to dental care, insurance and general arrangements.

This year the Student Dental Association has requested an increase in the student activities fee in order to continue our programs at their present level. The fee provides a variety of activities available to students including: guest lecturers, the Mirror Yearbook, the Probe, Studio 666, the annual bull roast, student-faculty weekend, big brother/big sister picnic, athletic events, skit nite, community health affairs, student directory, council dinner, class parties, SDA parties and travel for elected representatives to national organizations. The SDA has also made available to students a lunchtime delicatessen, xerox copy machine, hot water dispenser, etc.

The Student Dental Association this year is somewhat unique from past years. We are actively participating in the accreditation process which only occurs every seven years and we are involved in the selection of a new Chancellor for the UMAB campus. We have requested an increase in the activity fee, which has not been raised for ten years, and we have the first student co-chairman of the student advisory board. At present, the SDA is in the process of formulating a student bill of rights, and last but not least, a hygiene student serves as an officer of the Student Dental Association.

Not unique to the Student Dental Association this year are two people who have been responsible for the growth of the SDA without whose support it surely would not exist at its present level. The SDA sincerely appreciates the time and effort provided by Dr. Mark Wagner and Ms. Delores Williams.

Gene Sambataro, *President*

The Class of 1980

Ron Attanasio, President; Cathy Anthony, Secretary; Steve Vaughn, Treasurer; Ben Waldman, Vice President.

Last year's description of the class of 1980 accounted for the straighter half of the class, whereas the following is a characterization of the other half:

In conjunction with being a group of serious dental students who are anxiously awaiting that long sought goal of graduation, we are also composed of many individuals with unique backgrounds and diverse means of entertainment, such as: a former acrobat, a future ADA president, a future ADA ex-president, a tattoo artist, a tattoo remover, a tattoo, a lobotomy patient, a strunze, a former uranium miner who glows in the darkroom, a stunade, two quarter-movie critics, several meat pounders at the local butcher, herb specialists, herb generalists, two or more bongers, a Catholic, a Jew, a Protestant, a Frudman, a former hostage, a future hostage, many polysulfide mixers, a couple of homonas, and a bunch of friendly dudes.

RON ATTANASIO, *President*

The Class of 1981

Martha Murphy, Kent Hirsch, Joe Passaro, Kathleen Geipe

Now that we're halfway through dental school, the class of 1981 is looking forward to two successful clinical years and graduation. At the beginning of our Freshman year, the class size was 128. Two years of basic sciences has reduced the class size by nineteen to 109. These 109 individuals work closely together to form a very unified class, both in and out of school.

The unity that we have is somewhat puzzling considering the varied backgrounds of the class members. We have folks from all different walks of life: salesmen, engineers, a park ranger, school teachers, office workers, technicians, and an assortment of different types of students. We enjoy taking part in many social functions throughout the year, highlighted by our Friday afternoon beer blasts and our bi-annual white water raft trips.

JOSEPH C. PASSARO, *President*

The Class of 1982

The class of 1982 presently consists of 125 students from many backgrounds. Geographically we range from California to New york, having 28 non-residents augmenting the 97 Maryland residents who are primarily from the Baltimore area.

The class is well educated with the majority having at least a Bachelor's degree. The majors are widely varied and 14 have obtained Masters in their field.

Our members are employed as lab technicians, photographers, waiters, a swimming coach, bartenders, retail salesmen, bricklayers, contractors, a liquor store owner, paramedics and many others. We have many individual pursuits which occupy our free time including sports, musical interests, our jobs and sometimes studying.

The class of '82 is widespread in its activities but united in its goal of graduating from the University of Maryland and taking their place in the professional community as dentists.

BRIAN CARR, *President*

SDA Election Results

The following students have been elected as Student Dental Association officers for the 1979-80 year:

President
Eugene A. Sambataro (IV)
Vice President
Michael J. Borreson (III)
Secretary-Treasurer
Stanley A. Ordman (IV)
Council Secretary
Jeanne M. Salcetti (DH-IV)
Finance Manager
Arnold B. Mann (IV)
ASDA Representative
Jack J. Thaler (IV)
Robert M. Marcus (III)
AADS Representative
James T. Tomney (IV)
Kenneth Yao (APT-II)

The following students have been elected to Class Offices:

1980

President . . . . . Ronald Atanasio
Vice Pres. . . . . . Benj. H. Waldman

Academy of General Dentistry
President—Warren Eng. (IV)
Vice Pres. and Secretary to be elected next fall.

THE CLASS OF 1983

Doug Koch, President; Dianna Lennick; John Alonge; Irv Phillips

This year's freshman class is a varied and talented group consisting of 25 females and 113 males ranging in age from nineteen to thirty-five. With the competition getting greater and greater for a position in the first year class of professional schools, it is no surprise that the academic figures of the class of 1983 are superlative. The average science G.P.A. is 3.10 and the cumulative G.P.A. is 3.17. Most of the incoming students have earned a Bachelor's degree with Biology, Chemistry and Zoology being the most prominent majors. Some interesting majors include Anthropology, Religion, Agriculture, Business, Microbiology and Pharmacy. Seventeen students have earned Master's degrees with a cumulative G.P.A. of 3.41. Twenty-eight of the incoming freshmen are non-residents, some coming as far away as California, Colorado, and Florida.

These select students are currently engrossed in their first semester curriculum which consists of Anatomy, Basic Dental Science, Biochemistry and Oral Health Care Delivery. They are eager to listen, learn and cooperate with our fine faculty and classmates in hopes to achieve, according to the welcoming words of Dean Reese, the "professional discipline" needed to maintain our quest for excellence in the realm of health care.

The class wishes to thank the Administration and Faculty, the Student Dental Association, and the Big Brother/Sister program for their efforts in organizing our matriculation and making it so welcoming, informative and reassuring.

JOHN ALONGE, *President*

BULL ROAST

Miss Piggy Wins Prize

Miss Piggie (Barbara Hammontree) Vamps the Vampire (Rick Hammontree).

Seated: Mr. and Mrs. Wilson Lau; Waitresses, left, Dr. Steve Warren, Assistant Professor of Fixed Restoration—(He looks fixed), and right, Dr. James Gutman, Chairman, Department of Endodontics. Some Restoration!

The third annual Bull Roast sponsored by the Student Dental Association was held in early November at the Eastwind on Pulaski Highway. This year's Bull Roast was directed by Chairman, Michael Borreson '81, Vice-President of the SDA. He and his committee had a well organized and enthusiastically supported eat, drink and be merry affair. More than 500 attended, including Dean Reese, faculty members, as well as University and community leaders. Dress was optional and many came in Halloween costumes to vie for the best costume prizes. The good food was plentiful, and everyone enjoyed the dance contests. Music was provided by Majii and Soundtech.

The Student Dental Association invites and encourages Alumni and their friends to attend next year's festive event at the Eastwind on November 1, 1980. For further information, please call Deloris Williams at 528-7934.

Standing: (left to right)—Bonnie Lederman, Secretary; Karen Dolinsky, Vice President; Valarie Mackin, President; Julie Haller, Historian.

Seated: (left to right)—Kathy Buter, Historian Elect; Stacy Smith, Treasurer Elect; Cindy Kelleher, Secretary Treasurer of Senior Class.

University of Maryland, Dental Hygiene Probe

SADHA is really getting off to a good start this year with many fund raising activities already taking place. Included in these are bake sales, every other week, and a basket of cheer raffle.

SADHA is raising money for Christmas parties, Senior Banquet, and the Northeast Regional Convention in New Jersey.

SADHA is also very active in the community. Children's National Health Week is in the planning stages.

In October, two seniors, Tina Ayers and Sue Thompson won a trip to the ADHA Convention in Dallas as a result of their superb performance in the Table Clinic competition. Their table clinic titled "Self Screening for Oral Cancer" won 1st place out of numerous other table clinics presented in the Dental School.

SADHA this year wants to bring participation to the maximum. Through program speakers, fund raisers and general meetings, individual growth and enrichment occurs as well as SADHA becoming a larger and stronger association.

VALERIE MACKIN, *President, SADHA*

DENTAL HYGIENE PROGRAM UPDATE

Curiculum

A major revision of the Dental Hygiene curriculum was accomplished in 1978-79, following in-depth review to improve sequence, integration and student evaluation.

Community Service

The curriculum revision created a 2 semester, 2 credit hour course entitled "Community Service" coordinated by Ms. Pat Mulford. The course expands a program that had been initiated on a smaller scale in 1977. The externship training program provides opportunity for Senior students to select experiences beyond those given the dental hygiene program within the dental school setting. After completion of the third year, students select their assignment, based on their individual interests and career goals. Students will work under the supervision of the preceptor at the community site.

Community Service Program Objectives

A. To stimulate the intellectual flexibility and creativity necessary in preparing for potentially broadened career opportunities.

B. To provide dental hygiene experiences beyond those given within the senior year curriculum, unique to the student's academic needs and interests relative to their perspective Dental Hygiene careers.

C. To provide dental hygienists and dentists in the community with an opportunity to participate in the broad scope of dental hygiene education and to encourage practitioner and student interchange of concepts in dentistry.

D. To offer this experience to the student in order to further develop skills, knowledge, and attitudes in the delivery of oral health care.

Currently, senior students are able to select from a wide variety of community sites in the Baltimore are area such as: John F. Kennedy Institue, Johns Hopkins Hospital, Baltimore City Health Department, and the National Institute of Dental Research Dental Clinic.

Concurrent Patient Care

Beginning in the spring semester of 1979, junior Dental Hygiene students were assigned patients concurrently with junior dental students; these students will experience one and one half years of working together. The dental hygiene student performs those services, such as preliminary diagnostic work-up and preventive services, delegated by the dental student. This change, designed to closely simulate the private practive of dentistry, was initiated in 1977-78 for all senior dental and dental hygiene students.

Recruitment

The department has identified the need to actively increase the prospective applicants' awareness of the dental hygiene profession and the program at UMAB, thereby increasing our number of qualified applicants. A Dental Hygiene Recruitment Committee composed of faculty, students and alumni was created to assist in recruitment efforts. In addition, this committee is working closely with the Dental School and Allied Health Recruitment Coordinators. We plan to identify alumni in various parts of Maryland who are interested in assisting with recruitment efforts in their locality. If you are interested, and wish more information, please contact me.

Alumni Liaison

June 1, 1979 was the first official University of Maryland Dental Hygiene Alumni Reunion. Forty-six former graduates gathered at the Belvedere Hotel for a delightful evening of conversation, dining and dancing. Jane Emerson and Diana Beelat coordinated the event. Volunteers are needed to help organize and plan an alumni reunion for June, 1981.

Alumni Survey

Soon, all dental hygiene alumni will be receiving a questionnaire designed to help us know more about you so that we can:

1. provide continuing education programs that will reflect your needs; and
2. strengthen our baccalaureate programs.

Thank you in advance for your cooperation and support.

CHERYL T. METZGER, R.D.H., M.S.

Officers of Junior Class Dental Hygiene

Left to right): Shawn Cyr, Secretary-Treasurer; Carol Cunningham, President; Lynne Biltitz, Vice President.

JUNE WEEK, 1979

Dr. Kyrle W. Preis

Distinguished Alumnus for 1979

Family and Friends of Doctor Preis, Fellow Alumni and Guests:

KYRLE W. PREIS '29

Allow me, Dr. Page, to thank you for the honor of presenting to you this year's Distinguished Alumnus, and also for the privilege of presenting the Invocation.

I Take great pride and no little pleasure in presenting to you this evening an outstandingly loyal and representative alumnus, a friend of mine for many years, in and out of dental circles. I speak of Dr. Kyrle William Preis. He has been the Editor of our Alumni Journal, the "Alma Mater", for more than 20 years, and whereas this had to be painstaking, frustrating and maybe even discouraging at times, all you get out of him is how much "fun" it has been!

This Award was first presented 23 years ago to Doctor George M. Anderson, Class of 1919, and is without question the highest honor that this Organization can present. It is interesting to note that Dr. Preis was Chairman of the first committee charged with the responsibility of establishing the Award and it was he who presented Dr. Anderson in June 1956. The Citation reads:

"In recognition of constant devotion and outstanding contributions to the Art and Science of Dentistry." Doctor Preis is the 27th recipient.

Here are the highlights of Doctor Preis' background and accomplishments: He came from a wonderful East Baltimore family, from the parish of old Saint James, and was one of 3 children, having a brother and a sister. He is married to our beautiful and charming "Bess" and they are the parents of 13 children, and the grandparents of 26 grandchildren.

After graduation from Calvert Hall came the Baltimore College of Dental Surgery and graduation in 1929, followed by orthodontic preceptorship of 5 years with Doctor Harry E. Kelsey, a prominent orthodontic pioneer. Doctor Preis has taught and practiced orthodontics ever since. He has had a distinguished career in dental education, beginning

in 1930 as an instructor and culminating as Professor of Orthodontics and Clinical Director 40 years later. Presently, he holds the rank of Professor Emeritus. During the earlier years he was Staff Orthodontist at Johns Hopkins Hospital.

In "Organized Dentistry" his accomplishments are so numerous that I shall merely hit the highlights. He was for some time the Secretary and President of the Maryland State Board of Dental Examiners. Practically all of his memberships in dental organizations culminated in the Presidencies thereof. Here is the list: The Baltimore City Dental Society, the Maryland State Dental Association, the Baltimore-Washington Society of Orthodontists, the Middle Atlantic Society of Orthodontists, and the Alumni Association of the Baltimore College of Dental Surgery. He also had a term as Deputy Regent of the International College of Dentists. And how many committees and council memberships do you think it took to get to the top of these organizations?

Beyond the top, he is a member of Omicron Kappa Upsilon—the Honary Dental Society, the New York Academy of Dentistry, the American College of Dentists, and the International College of Dentists.

I think that Kyrle's major accomplishment in the field of orthodontics is somewhat unique. He is the author of the film "Habits in Action", a two hour pictorial review of a great variety of childhood habit practices which can and frequently do have profound affect on facial development and dental occlusion. The film, first presented in Columbus, Ohio in 1946, has since been extensively shown in this country and at a meeting of the American Dental Society of Europe in Paris, at the Eastman Dental Hospital in London, at the University of Toronto, Canada and before the Dental Association of Puerto Rico as well as other Medical and Dental Associations.

I'm sure that one of the real joys of teaching comes when the student body unexpectedly responds with some token of kindness and affection, Dr. Preis experienced such pleasure when the graduating Class of 1954, now celebrating their Silver Anniversary, dedicated their yearbook to him.

Twice Dr. Preis served on search committees of the University of Maryland. The most recent was for a replacement of retiring president Dr. Wilson H. Elkins. After a nationwide survey the committee recommended Dr. John Samson Toll, our new president, who is with us this evening.

Dr. Preis and Bess live in Kingsville, Maryland. He is semi-retired, a past president of the Greater Kingsville Civic Association who now serves as the editor of their newsletter—the "Drum".

So, here is truly a "man of excellence", which is reflected in all of his accomplishments, in his relations with his family and friends, in the pursuit of his professional disciplines, and his entire life.

Doctor Page, on behalf of the Alumni Association, I sincerely and enthusiastically present to you the nomineee for the Distinguished Alumnus Award of 1979—Doctor Kyrle W. Preis.

ALUMNI GOLF TOURNAMENT
Hunt Valley Country Club

On a fair day in May, sixty-one ardent golfers vied for honor and prizes. For the first time we played the "tough" Blue Nine at the Hunt Valley Country Club in Phoenix, Maryland. The low gross winner was Dr. Riger of Baltimore with a superb score of 74; but triple winner, Dr. Lawrence Schatz of Severna Park stole the day with a 78 to win the low net honor. Larry also scored with the longest drive on the Red Nine's seventh hole and won closest to the pin on the Blue Nine with a seven-iron shot landing 96 inches from the cup. Dr. Jim Sullivan won closest to the pin on the Red Nine landing a shot nine feet from the hole.

Other low gross prizes went to Dr. Rick Behan (77) and Dr. Sullivan (78). The low net prizes went, in order, to Drs. Frick, Richmond, Pentzer, Chester, Mastrola, Watkins, Quarantillo, Valillo and Metz.

JOHN PATTERSON

GOLDEN ANNIVERSARY

Class of 1929 Reunion—50 Years

Hunt Valley Inn, Hunt Valley, Md.

June 1, 1979

Standing (left to right)—Kyrle Preis, Edward Dobbs, Clarence McCurdy, Ralph Brand, Herman Weisler, Max Matzkin, Ben Brauer, Jim Lawlor, Francis Murray, Leon Grossman, Howard Scheid, Harry Shpiner, Charles Buttermore, Maxwell Green.

Seated (left to right)—Sheridan Watkins, Sam Silber, Sam Shaffer, Ben Kaplan, Sol Rosen, Maurice Savitz, Allen Abrams, Francis Allanack.

Seated on Floor (left to right)—William Meyer, Jules Lurie, Jack Martindale

Preparations for our Golden Anniversary reunion began 50 years ago. We didn't know it at the time, but the seeds of friendship then sown were well nourished at each of our 5 year reunions and came to full bloom this past June.

The mere thought of getting together after 50 years, made planning for the occasion a pure delight. There's something magical about a 50 year reunion which seems to affect the participants in a similar way. Something like a group of climbers who reach the top. Eureka, we made it, and it calls for a celebration, and that's exactly what we did.

We gathered in the afternoon of Friday, June 1, 1979, in the McCormick Suite, an appropriately sumptuous setting in the Hunt Valley Inn. And as they arrived, what a joy it was to see how youth seemed to return when old friends meet again under such happy circumstances. We were honored to have Dean Errol Reese visit with us. He spoke briefly about affairs of the school, and it was obvious that he enjoyed meeting our class. Incidentally,

Dean Reese's father graduated there with the class of 1931. The delicious light food was most enjoyable, and the well stocked bar saw plenty of action. A few complained that what was missing was a well stacked barmaid.

That evening the men had a delightful dinner in the Maryland Room, while Mrs. Howard Scheid (Betty) arranged for the women to eat in the famous Cinnamon Room. Our former teacher and past Dean of the Dental School, Myron Aisenberg, was our honored guest. He looked great and his memory of us was quite vivid, a little too accurate in some ways.

On Saturday, June 2, 1979, we hired a bus to bring our classmates and their wives to a converted barn in Kingsville. In spite of an overcast day and the threat of rain, all went well. The lunch was especially good, and was chosen to please the tastes of the out of towners. We arranged to have "Thompson's Sea Girt House" who is said to make the best crabcakes in Maryland, prepare and send the crabcakes while still warm. After lunch the men gathered to whack a few golf balls towards a flag on a one hole golf course. Little Francis Murray and big Jim Lawlor looked the best of the lot.

Saturday evening, June 2, 1979, was the social highlight of the Alumni Association, an open bar, excellent banquet, minimal speeches, music and dancing. The members of our class and their wives were guests of the Association and each classmate was presented a certificate commemorating our 50th Anniversary. It was a swell affair and a fitting climax to our few days of happy reunion.

Howard Scheid
Kyrle Preis
Co-Chairman

Our Fair Ladies

CLASS OF 1934

First Row (Seated, left to right): Drs. William Imbach, Milton Taubkin, Meyer Gotthelf, Harry Aumock, Samuel Rockhoff.

Second Row: Dr. William Joule, Mrs. Caplan, Mrs. Taubkin, Mrs. Gotthelf, Mrs. Aumock, Mrs. Rockoff, Mrs. Coward.

Third Row: Dr. Sylvan Caplan, Dr. George Kurtz, Mrs. Imbach, Mrs. Russell, Mrs. Lu, Mrs. Turner, Mrs. Mimeles, Mrs. Schunick, Dr. Charles C. Coward, Dr. Peter Lu.

Fourth Row (Top): Drs. O'Neal Russell, Robert R. McLean, Fred A. Turner, Murray Mimeless, William Schunick, Hyman Blumenthal.

Forty-five years have passed since the days of Lombard and Greene Streets and the graduation of the Class of 1934, Baltimore College Of Dental Surgery, University Of Maryland School Of Dentistry. Fifteen of our classmates and their lovely ladies attended the reunion which was held at "Cap't Harvey's Restaurant" on the night of 1 June, 1979.

The evening was a sheer delight as the exciting pleasures of old friends, tall tales and reminiscence regarding our student days was climaxed by a brief but informative talk given by Dr. Charles C. Coward, our guest of honor. The good Doctor, the former Assistant Professor of Crown and Bridge and Dental Anatomy, carried us back in time to the days of B.C.D.S. and then progressed through the subsequent years and events of national interests that affected and reshaped all of our lives. His talk was enthusiastically received by everyone in the audience.

Speaking in behalf of the planning committee, it is our fervent wish and desire that all 1934 classmates be able to join together in celebration of our golden anniversity, the fiftieth year class reunion to be held in Baltimore in 1984.

Fred Turner & William Schunick, *Co-Chairmen*

CLASS OF 1939

Seated from left to right: Mrs. Robert Jacoby, Mrs. Dorsey Tipton, Mrs. Ralph Cavallaro, Mrs. Lou McConnell, Mrs. Ted Randolph, Mrs. Henry Hoffacker, Mrs. Harold Plaster, Mrs. Joseph Allen, Mrs. Isidore Legum, Mrs. Jim Davis, Mrs. Edgar Johnson, Mrs. Bert Chan-Pong, Dr. Naomi Eichenbaum.

Standing: Bob Jacoby, Dorsey Tipton, Del Edgar, Ralph Cavallaro, Marshall Kader, Lou McConnell, Ed Stinebert, Ted Randolph, Henry Hoffacker, Harold Plaster, Tony Carvalho, Mrs. Jack Wooden, Everett Rogers, Joe Allen, Jim Davis, Isidore Legum, Mrs. Ed Stinebert, Leo Shaudis, Mrs. Shaudis, George Blevins, Edgar Johnson, Bert Chan-Pong, Irv Eichenbaum.

Attending the reunion but not included in this picture were Dr. and Mrs. Carter Tinsley.

On June 1, 1979 the class of '39 reconvened at the Hunt Valley Inn, and we had an excellent turnout. We had 61 graduating in the Class of '39, and thirteen of our classmates have died. 22 graduates, many with their wives, gathered for our 40th Reunion. Over cocktails we greeted our friends and reminisced—someone had our year book, and it was amazing to see how we all still looked great! ! At dinner we swapped stories—stopped a few moments to remember the men who had died— listened to stories about men who had retired already—ladies telling tales about their grandchildren—a very pleasant evening. We hope all of the people there will be back for our 45th.

Edward R. Stinebert, *Chairman*

CLASS OF 1944

Front row, left to right (kneeling): Bill Marano, Al Morini, Joe Massucco, Dan Savini, Sumner Hirshberg, Ed Wheeler.

Middle Row (Seated): Ed Hoffman, Jack Brody, Chuck Stagg, Jerry Steiner, Harv. Soloff, Connie Inman, Bud Hoffman, Hal Gilbert, Stan Garland, Henry Gaver.

Back Row (Standing): Ed Cullen, Earl Weiner, Gene Moss, Frank Ostrowski, John Mallow, Carl Catani, Walt Brown, Dave Brown, Don Fales, Charley Hennesey, George Graham, Hugh Clement, Bill Logsdon, Charley Epstein.

The 35th reunion of the class of 1944 was extremely well attended.

The week-end was kicked off with an evening Harbor Boat Ride on Thursday, May 31st. The thirteen guys and their wives that attended I'm sure had a great time. The weather, food, music and open bar were more than appreciated by everyone.

The highlight of this reunion was on Friday night, June 1st, in the Garden room at the Hunt Valley Inn. Thirty of our classmates and their wives attended the open bar cocktail party as guests of their Baltimore Colleagues, and then enjoyed a buffet dinner. We were pleased that Dean and Mrs. Errol Reese joined us on this occasion.

On Saturday, June 2nd, fifteen of our class and their wives appeared at the general reunion dinner dance at the Hunt Valley Inn.

The consesus was that all three affairs were outstanding, and those who did show really missed those who did not appear.

We all hope to see you in 84 at the 40th reunion of the Great Class of 1944.

Bud Hoffman
Ed Hoffman
Connie Inman
Co-Chairmen

CLASS OF 1949

The class of 1949 met for its 30th reunion on Friday, June 1, 1979 at the Hunt Valley Inn. Class members present were Norty Bloch, Herbert Bricken, Charlie Lynn, Bob Simmons, Ruth Schwartz, George O'Roark, George Spiegel and Manny Kostas. Most of the men brought their ladies to enjoy the fine meal and friendship. Highlights of the evening were visits from Dean Errol Reese and Dean Ken Randolph. Amazingly enough, Doctor Randolph remembered us all and had a story about each of us. Bob Simmons distributed photos of our last reunion together. Considering the small size of our class, we all agreed this was a signigicant turnout and we hope to meet again in five years. Those present extend their greetings to their classmates unable to attend, for whatever reason. We hope to see you again some day, maybe in five years.

Herbert Bricken, *Chairman*

Class of 1954

Top row (left to right): Gil Vincent, Lur D'Arezzo, Ron Collins, Phil Denu, Hank Honick, Ray Holmes, Gene Leatherman, Don Gorby, Gus Georges, John Fracasso, Fred Tesher, Stan Kogan, Hugh Kossoff, Fred White.

Second row (left to right): Dick Whelan, John Conte, Bob Smilari, Bob Tyler, Ken Atoll, Maury Rubenstein, Norty Ross, Jack Reynolds, Al Perelli, Sandy Paskow, Dick Mojzer, Nick Nichols, Len McGill, Bill Young.

Third row (left to right): Mike Volatile, Bill Crowl, Cal Gaver, Bob Bricker, Larry Brandenburg, Frank Barnard, Ira Adams, Jim Abbot, Walt Granruth, John Welsh, T. J. Allen.

Bottom row (left to right): Bill Taylor, Dave Snavely, Tony Selvaggi, Steve Krizan, Ed Sweren, Frank Stone, Joe Velky, Bert Underhill, Bob Litton.

Missing: Ed Leach.

Twenty-five years! This class of '54 has to be the greatest. For those class members who were unable to attend, they missed a real blast. Four days and nights of recalling the past, living the present, and looking forward to the future. Our hospitality room was jumping from Wednesday to Saturday. These classmates couldn't get old—they only matured with the years. After this time together, with ties renewed, we all had to feel a greater love and respect toward each other.

Forty-nine members of our class came from every direction and by every means available. We had replies from sixty-two of our class. There are two honest-to-goodness bachelors. Yeh, for Ira and Louie.

Children were frequently in our conversation. In our count, this class has produced 212 offspring. Ages range from 32 years to 3 years old. The youngest is young Rob Perelli. Anne and Bert Underhill have the most children—nine must have been enough.

Children were great; but, then came the grandchildren. Twenty-six at last count. Honors went to grandparents Mary K. and Fred White with eight. Gil Vincent jumped every time a phone rang.

The class gathering was held at Eagle's Nest Golf and Country Club. We had a fantastic meal, plenty of refreshments, no end to conversation and good spirits abounded. When it comes to dancing, this crowd has more moves than a monkey with forty feet of vine.

With all the fun, our five departed classmates were in our thoughts and prayers; Ernie Johnson, Bob Mantz, Charlie McDowell, Jack Richmond and Ed Werfel. It is with deep regret, that we add Lenny McGill to this list. These few days with Nena and Lenny will long be remembered.

Years do go by quickly. The next gathering in five years may bring together even more than we had for this big "25". A special award for the classmate with a child under five is being arranged along with a room in Sheppard-Pratt.

Special thanks to committee members "Fats" Allen, "Harry" Bernard and Larry Brandenburg. A very special bouquet to our wives. Without these lovely ladies, the scene would have been drab.

Mike Volatile & Steve Krizan, *Co-Chairmen*

If time be of all things most precious, wasting time must be the greatest prodigality, since lost time is never found again; and what we call time enough always proves little enough. Let us then be up and doing, and doing to a purpose; so by diligence shall we do more with less perplexity.—*Benjamin Franklin.*

CLASS OF 1959

Standing (left to right): Drs. Paul Keener, Ed White, Al Cura, Bill Dombrowski, Buzz Hodous, Jay Foley, Larry Rogers, Jim McDonald, Barbara Rocco, Eric Hansen, Les Levin, Chet Richmond, Larry Richmond, Frank Dolle.

Kneeling (left to right): Drs. Joe Dietz, Matt Rocco, Jack Phillips, Tom Wilson, Hal Ribakow.

"Backward, turn backward, O time in your flight, make me a boy again just for tonight." Except for Barbara Rocco, this was the wish of those attending the 1959 Class Reunion. Jack Phillips arranged an outstanding get-together for the evening, and for a few all too short hours we enjoyed recalling the "good old days". I'm happy to report that everyone there didn't look older—just better. We really missed the ones who weren't there and can only hope that the big 25th can bring us all together.

FRANK DOLLE
G. JACKSON PHILLIPS

AGAIN—ATTENTION PLEASE

Undoubtedly many of our Alumni have achieved honors and merited distinction, but the facts surrounding such occasions have escaped our attention. Perhaps modesty or indifference has interfered with the news reaching us.

This is regrettable, for one of the principal purposes of the Alma Mater is to serve as a repository of events. Our past records are indeed meager and Alumni activities during the time of the merger of the Baltimore College of Dental Surgery with the Dental School, University of Maryland, are wrapped in confusion.

Therefore, we urge you to send us information so that we may print the news.

Kyrle W. Preis, Editor
7027 Mt. Vista Rd.
Kingsville, Md. 21087

CLASS OF 1964

On Friday, June 1, 1979, the Class of 1964 met at Gordon's in Pikesville for a Crab Feast. Twenty-six members of the class attended this 15th reunion of our class's graduation from the University of Maryland Dental School. After devouring our fill of crabs and beer, we reviewed a film produced for the original Student-Faculty Skit Night started by our class in 1963. Intellectual comments ranged from "Gee, you had hair, then!" to "They're **not** going to show that dumb film again!"

Old friendships were renewed and we enjoyed good times, good food, and good crabs—always a special treat for returning mid-westerners.

On Saturday night sixteen couples gathered for the General Alumni Reception and Dinner Dance. Although we experienced a drop-off in attendance from previous 5-year reunions, our class has always shown a strong interest in the dental school and in each other. Many members expressed regrets and a future commitment to the next reunion—our 20th.

See you then!

Wayne L. O'Roark
John F. Patterson
Co-Chairmen

CLASS OF 1969

The class of 1969 was well represented at all of the June Week functions, including the boat ride and the banquet. The day at the Dental School was the first visit for many members of the class to the new facility. The highlight of the week was the ten-year reunion party on Friday evening.

Forty-seven members of the class and their spouses attended the reunion party at the home of Warren and Janice Morganstein. Also in attendance were Dr. Mark Wagner, Honorary Class President, and his wife Marcia, Dr. and Mrs. Charles Page, Dean Errol Reese and his wife Julie, and Dr. George Williams, then President-Elect of the Alumni Association.

The long distance travelers in the class included the Wests from Hawaii and the Wanners from Puerto Rico. It was an enthusiastic, highly enjoyable reunion. One look at the picture says it all! We are all enjoying memories of the evening and are looking forward to getting together again in five years.

Warren M. Morganstein, *Chairman*

CLASS OF 1969

Front row: Robert Pellarin, Robert Scott, David Taylor, James Stefen, Ronald Chaput, John Tucker, Dominic Gioffre, Charles Brenner, Bernard Dormer, Richard Rubin, Roland Zwiebel, Jack Bishop, Ramesh Sardana.

Second row: Harry Curland, Jeffrey Rizzolo, Stuart Eisman, Jay Feinglass, Dennis Brave, Robert Jacobson, Edwin Ezrine, Stephen Weiner, Ronald Askeland, Raymond Baker, John Mitcherling, Joseph Miele, John Bullock, Dave Hill, Peter Maroshek, Dennis Mankovich.

Third row: Stuart Feldman, Allan Schlesinger.

Fourth Row: Paul Rockoff, John Carroll, Morton Wood, Gerald Title, Robert Winebrenner.

Last Row: Michael Vallillo, Ronald Davis, Buddy Wanner, Paul Bowman, Warren Morganstein, Charles McCausland, Bruno West.

Present, but not in picture: William Mitch[illegible] Dave Pulliam, Lincoln Frank, Joel Berg.

CLASS OF 1974

Left to right (seated): Howard Wycoff, Barry Cohan, Marty Sugar; (standing): Barry Zittleman, Jeffrey Massing, Roy Eskow.

Members of the Class of 1974 held their first official gathering since graduation on Friday evening June 1, 1979 at the party room of the Milbrook apartments.

Startled faces, embraces, and warm handshakes were abundant as the class members laid eyes on each other for the first time in five years. Laughter and amazement were everywhere as members exchanged stories of their adventures since graduation. Proud parents were equally glad, and justifiably so, to pass around pictures of their growing families.

Saturday evening's dinner at Hunt Valley Inn reunited classmates with many of the former faculty members and administrators.

The Class of 1974 reunion committee was pleased with the comraderie of the weekend, but hoped more classmates would have attended.

Plans are already in motion for our ten year reunion. So please set aside a week in June of 1984.

SCHEDULE OF ALUMNI ASSOCIATION ACTIVITIES

1980

1. Alumni Reception— Yankee Dental Congress—Sheraton Boston Hotel—Boston, Mass. Friday, January 11, 1980—5:00-7:00 p.m. (No Host)

2. Alumni Reception & Luncheon— Puerto Rican Section Meeting—Condado Beach Hilton, San Juan, P.R. Saturday, January 26, 1980—12:30 p.m. (No Host)

3. Alumni Luncheon— Hinman Meeting—Marriott Hotel—Atlanta, Georgia, Monday, March 17, 1980—12:30 p.m. (No Host)

4. Luncheon— D.C. Post Graduate Meeting—April 12, 1980, Shoreham Hotel, Washington, D.C.

5. Alumni Week— Tuesday, May 27, 1980—Approximately 4 p.m., Dental School. Reception following Announcement Assembly which is at 2:30 p.m.

   Wednesday, May 28, 1980—6:30 p.m.
   O.K.U. Banquet—Belvedere Hotel

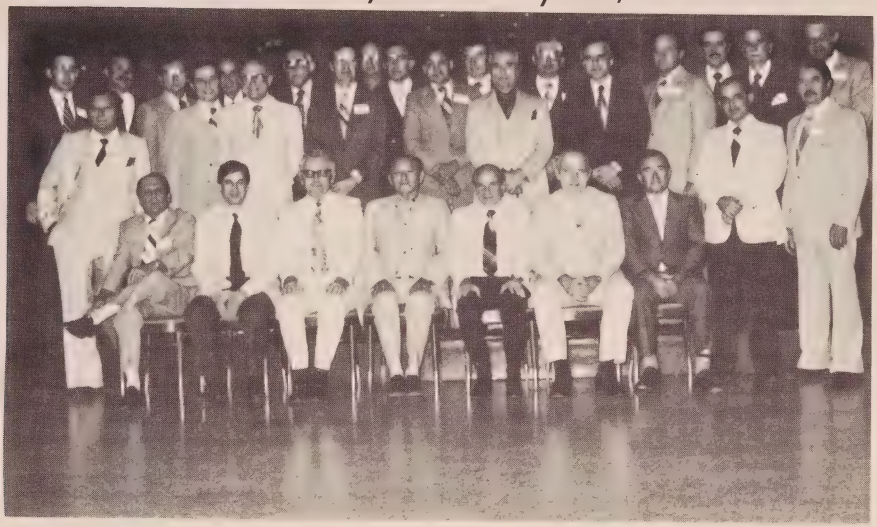
   Thursday, May 29, 1980—
   Morning: Honors Convocation—10:00 a.m.
   Alumni Golf Day at Hunt Valley—Tee off at 10:00 a.m. John Patterson *Chairman*
   Afternoon: Graduation
   Evening: Annual Reception & Reunion Banquet, Hilton Inn, Pikesville, Maryland 6:30 p.m. Bob Bates, *Chairman*

   Friday, May 30, 1980—
   Morning: Board of Trustees Meeting, Dental School—9:00 a.m.
   Alumni Association Annual Business Meeting, Dental School—10:00 a.m.
   Tour of School—10:00 a.m.
   Noon: Luncheon, Holiday Inn—Downtown—12:00 p.m.
   Afternoon: Table Clinics—2:00 p.m.
   Evening: Free for Individual Class Reunion Receptions & Dinners

   OFFICIAL HEADQUARTERS: Hilton Inn—Pikesville, Maryland—Beltway Exit 20 & Reisterstown Road

PUERTO RICO ALUMNI SECTION

Wednesday, January 24, 1979



One of the largest and most successful annual receptions and dinners of the Puerto Rico Alumni Section was held on Wednesday, January 24, 1979 in San Juan, Puerto Rico.

This reception was held in conjunction with the annual meeting of the Colegio. It was a very festive occasion attended by many of our graduates, wives and guests in honor of Dr. Joseph P. Cappuccio, President of the American Dental Association. Joe, better known as "Pepe" to his many friends and former students in Puerto Rico, was in the company with other officials and officers of the Alumni Association, Dental School and the American Dental Association.

The arrangements for this very festive occasion were made by Dr. Carlos Noya, Dr. Anthony Rosso and Dr. Arturo Benavent. Dr. Noya served as President of the Section and presided at the affair. Dr. Benavent was serving as President of the Colegio.

Dean Reese was called on to report on the activities of the Dental School. He gave a very complete and informative report of interest to the group. He especially emphasized the importance of the loyalty of the Puerto Rico Alumni Section. He commended the Section for their contribution to their Alma Mater.

Dr. Ashur G. Chavoor, Trustee of the 4th District of the ADA, was called on to speak. Ashur serves as Trustee of the District which includes Puerto Rico. He spoke of the great contributions that Joe had made to the Ameri-

can Dental Association and his profession.

Dr. Benavent, a graduate of our Alma Mater, brought greetings from the Colegio and invited the alumni to attend the sessions of the Colegio at the Condado Beach Hilton.

Dr. Charles Page, President of the Alumni Association, welcomed everyone in attendance and brought greetings from the Officers and the Board of the Alumni Association. A very important aspect of the meeting was the presentation of the new Alumni Charter to the Section. Dr. Noya received the Charter on behalf of the Section. Dr. Noya made pertinent remarks and thanked Dr. Page and the Association.

A highlight of the meeting was the introduction of Dr. Joe Cappuccio. Joe thanked his many friends in Puerto Rico for their loyalty and support. He especially acknowledged Dr. & Mrs. Louis Saporito who were in attendance. Dr. Saporito is a Past President of the American Dental Association. He also acknowledged Dr. & Mrs. Robert Wilson and Mr. & Mrs. Wilson Lau. Both Dr. Wilson and Mr. Wilson Lau are very close friends of Joe and the Alumni Association. Joe paid special tribute to the Alumni Section and the Colegio for their support over the years. It was a great evening for all. Also present were the lovely wives of our alumni and guests.

A short business meeting of the Section was held to elect officers for the following year. An official photograph of the group was taken at the conclusion of the evening. Dr. Carlos Noya deserves a great deal of credit along with Dr. Rosso for their hard work in putting the affair together. The group was looking forward to next year's meeting in San Juan, Puerto Rico.

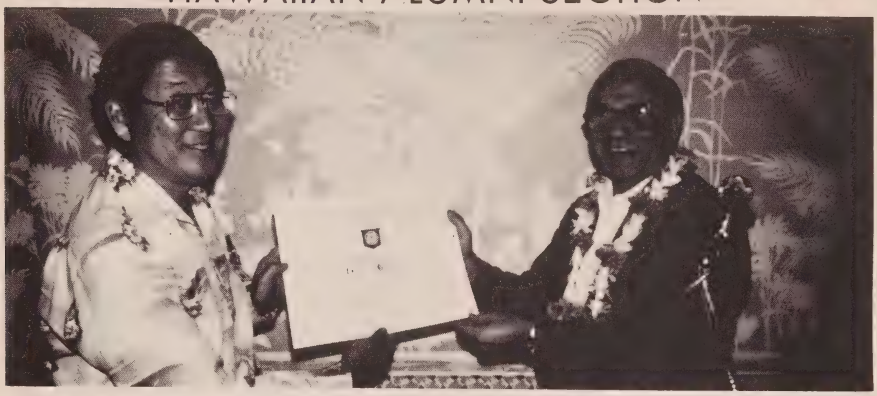
HAWAIIAN ALUMNI SECTION



Warren T. Wakai '52 (Left) receives charter from Alumni Secretary, Joseph P. Cappuccio '46

A proud and happy new Chapter of the University of Maryland B.C.D.S. Alumni Association began in Hawaii on January 7, 1979.

Dr. Joseph P. Cappuccio, President of the ADA and Clinical Professor of Oral Surgery and Anesthesia at B.C.D.S., formally presented the Charter to President Warren T. Wakai ('52) at at special dinner meeting at the Sheraton Waikiki Hotel.

Held during the Hawaiian Dental Association's 76th Annual Scientific Session, the meeting gathered Maryland Alumni from all the major Hawaiian islands to honor Dr. Cappuccio and to accept the new Charter. Also attending was Dr. Burton Press—ADA Speaker of the House, in Honolulu for the scientific program and a loyal Maryland man too.

The dinner and social hour were a gala remembrance of Maryland and good times and friends there. Indeed, many of Dr. Cappuccio's own students were present. It was a pleasant and auspicious beginning for the group whose officers are Warren T. Wakai ('52) president and Roy M. Naito ('61) Secretary-Treasurer.

Guests present at the charter ceremony were: Dr. Joseph P. Cappuccio, Dr. and Mrs. Burton Press, Dr. Joseph Toropillo ('56) and the Hawaiian Alumni and their spouses:

Dr. Herbert Akamine '56
Dr. Paul M. Bellanca '66
Dr. Raymond C. K. Chun '54

ALUMNI RECEPTION—A.D.A in DALLAS

Sunday, October 21, 1979

An Alumni Reception was held at the Hyatt Regency Hotel in Dallas, Texas. There were approximately 200 members of the Alumni Association and guests in attendance. This was a very gratifying reunion because of the attendance of Dr. Harry B. McCarthy and his lovely wife, Dean & Mrs. Ted Randolph and Dean & Mrs. W. Robert Biddington. A highlight of this year's meeting was the attendance of Dr. Joe Cappuccio, Secretary of the Alumni Association, who was serving as President of the American Dental Association at the annual meeting. During the course of the evening Joe and Rocella came by to spend a few minutes with their friends throughout the country. Also in attendance was Dr. Kyrle W. Preis, Editor of the Association, who also visited with many friends from around the country. Many of our Alumni were especially pleased to see Dr. McCarthy and his wife, Helen, since they have been in Dallas, Texas for many years. It was a very happy reunion for all of us to visit with the McCarthy's once again.

Another highlight of this year's annual meeting was the presentation of the Distinguished Service Award to Dr. Daniel F. Lynch by our own Dr. Joe Cappuccio at the opening session of the American Dental Association that morning. This is another example of a distinguished graduate receiving tha highest award that has been bestowed by the American Dental Association. It was an honor justly deserved by Dan and all Alumni and friends in attendance were thrilled and deeply moved.

ALUMNI MEET IN NEW JERSEY

Tuesday, November 13, 1979

Seated from left to right: Dr. Paul Torre, Dr. Robert Kovack, Dr. Barbara Buck Rocco, Mrs. Julie Reese, Dr. Jack Eskow, Dr. George Williams, III.

Standing from left to right: Dr. Helmer Pearson, Dr. Bernard Tell, Dean Errol Reese, Dr. Martin Weiselberg.

A meeting of the New Jersey Alumni Section of the University of Maryland Dental School was held on Tuesday, November 13, 1979, at the Holiday Inn in Saddle Brook, New Jersey.

Dr. Barbara Rocco presided at the meeting which was attended by 56 Alumni and guests. An excellent buffet was served.

Dr. Rocco welcomed all in attendance and introduced Dean Errol Reese, his wife Julie and Dr. George Williams, Alumni Association President.

Dr. Williams gave an accurate report on the Alumni activities and their role in the support of B.C.D.S. Dean Reese then showed an excellent slide presentation on the changes that have occurred around the old dental school and a good look at the inside and outside of the new dental school establishment.

The slate of new officers was presented by the nominating committee chairman, Dr. Jack Eskow. The slate of officers, as presented, was unanimously elected with Dr. Bernard Tell inducted as our new president.

A presentation of a certificate was made to our outgoing president, Dr. Barbara Rocco.

The meeting was concluded as the alumni presented Dean Reese with a $400 donation to the dental school.

ALUMNI RECEPTION IN NEW YORK

Wednesday, November 28, 1979

One of the most successful Alumni Receptions of recent years was held in New York City on Wednesday, November 28, 1979 in conjunction with the Greater New York Meeting.

It was attended by many of our alumni and friends throughout New Jersey and New York areas along with alumni from the New England states. Dr. George Williams, III and Dr. Joe Cappuccio, President and Secretary of the Association, were in attendance. As usual, many questions were asked in reference to our Alma Mater. It was gratifying to see so many of our alumni and wives in attendance. Many officials of the Greater New York meeting visited with us.

It appears that this activity in New York is growing each year. Let us look forward to next year's meeting in New York.

Elected 2nd Vice President of the American Dental Association.

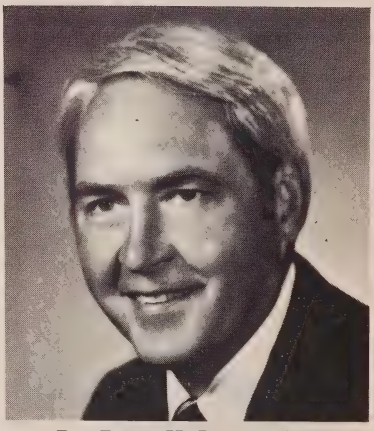
DR. WARREN WAIKAI '52

A VERY GOOD YEAR (cont.)

DR. ASHUR CHAVOOR '48

Dr. Chavoor is the 4th District Trustee of the American Dental Association.

President of the International College of Dentists.



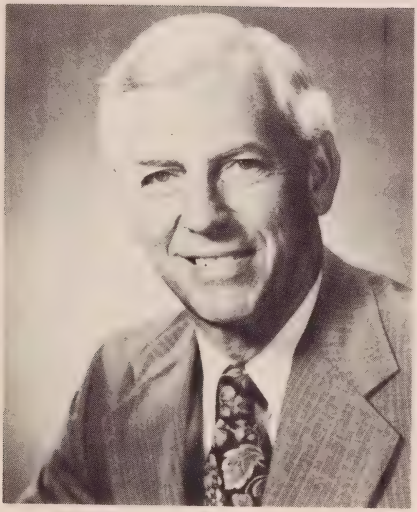
DR. PAUL H. LOFLIN '48

DR. DANIEL LYNCH '25

Dr. Lynch, a Past President of the American Dental Association, received the "Distinguished Service Award", the highest honor which the American Dental Association can bestow. October, 1979

Dr. Jacque Brun '52, a native of France, is now practicing in Paris, and has been made an honorary member of the American Dental Association. October, 1979

DEAN RANDOLPH RETIRING



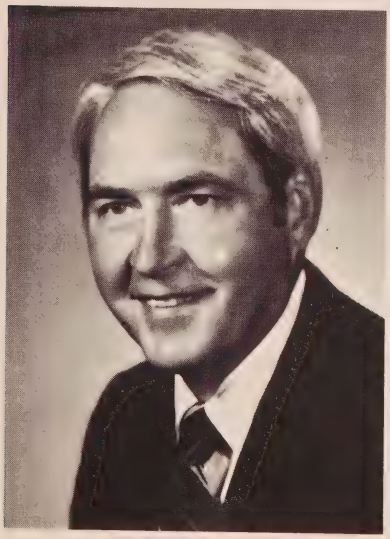
DEAN KENNETH V. RANDOLPH, '39

Dr. Kenneth V. Randolph, President and Dean of Baylor College of Dentistry, has announced his retirement effective June 30, 1980. He was appointed Dean of the school in 1968.

A dental educator and administrator for 40 years, Dr. Randolph began his teaching career after graduating from Baltimore College of Dental Surgery—Dental School—University of Maryland.

He was a faculty member of the Maryland dental school for 18 years, 11 of which he served as professor and chairman of operative dentistry.

After serving an appointment as Associate Dean of the University of West Virginia Dental School for one year, he was appointed Dean of the school and served for ten years.



DR. PAUL LOFLIN '48

Dr. Paul Loflin, the immediate Past President of the International College of Dentists, is a native of Beckly and Raleigh County, West Virginia, and a 1948 graduate of our Dental School. He is a past president of the New River Dental Society and a former delegate to the American Dental Assn., a past member of West Virginia Board of Dental Examiners, and is presently a member of the Northeast Regional Board of Dental Examiners. Dr. Loflin received the "Distinguished Achievement Award", from West Virginia University School of Dentistry. He is also a fellow of the American College of Dentists. The Alumni Association is proud of the excellent professional record of Dr. Loflin.

DEAN BIDDINGTON'S NEW POST

DEAN W. ROBERT BIDDINGTON, '48

The senior academic dean at West Virginia University, W. Robert Biddington, will serve as interim vice president for academic affairs.

His appointment was announced by WVU President Gene A. Budig, who described Dr. Biddington as "a proven academic administrator who has the ability to work effectively with faculty, students and staff."

Biddington, who has been dean of the WVU School of Dentistry since 1968, has more than 20 years of administrative experience.

Dr. Budig said Biddington has "a national reputation and strong understanding of and appreciation for the role and responsibilities of a comprehensive, land-grant university."

Dr. Biddington won't be a candidate for the permanent position which Jay Barton is vacating on July 15 to become president of the University of Alaska.

Budig pointed out that Dr. Biddington recently chaired the search committee which brought "a distinguished scholar to the College of Law as dean, E. Gordon Gee."

"Dean Biddington, a native West Virginian, understands academic quality and what it takes to achieve it," Budig said. "I am pleased that he is willing to serve."

Dr. Biddington, who was born in Piedmont, Mineral County, is a graduate of WVU's two-year branch in Keyser, Potomac State College; of Hampden-Sydney (Va.) College; and of the University of Maryland's Baltimore College of Dental Surgery.

Hitchcock Humor

Mr. Hitchcock's most familiar film is probably "Psycho" (1960), with its famous scene in which Anthony Perkins stabs Janet Leigh to death in a shower. The scene inspired one of Hitch's most famous exchanges with a viewer. "Dear Mr. Hitchcock," the fan wrote, "after seeing 'Diabolique,' my daughter was afraid to take a bath. Now she has seen 'Psycho' and is afraid of the shower. What should I do?"

Mr. Hitchcock's reply: "Take her to the dry cleaners." Baltimore Sun Paper

ELECTED

DR. FRANK A. DOLLE '59

Dr. Frank Dolle is currently serving as president of the Maryland State Dental Association. He. is a graduate of the University of Maryland, having been awarded the B.S., M.S., and PhD. He received his D.D.S. from the Baltimore College of Dental Surgery, Dental School, University of Maryland.

A member of the American Dental Association, he has served on the Executive Committee of the Maryland State Dental Association, as well as two terms on the Board of Governors and is currently President of that organization. He is past president of the Baltimore County Dental Society; served as treasurer for the University of Maryland Biological Society; is a member of the International Association for Dental research, the Maryland Society for Medical Research and the American Society for the Study of Orthodontics. Dr. Dolle is a Fellow of the International College of Dentists, a Fellow of the American College of Dentists, currently serving as Treasurer of the Maryland Section; a member of the Pierre Fauchard Academy; the Society of Sigma Xi; the Rho Chi Honorary Pharmaceutical, and was past president of Phi Chapter, Omicron Kappa Upsilon. He has served, and is serving on various committees of the Alumni Association of the Baltimore College of Dental Surgery, and is also on the Board of Directors of the University of Maryland Greater Baltimore Alumni Association.

In addition to the above, Dr. Dolle has served on the faculty of the University of Maryland Dental School since 1959, and is currently clinical Professor in the Department of Pharmacology and Therapeutics, and conducts a private practice in Towson, Maryland.

DR. MILTON B. ASBELL GIVES ROBINSON LECTURE May 29, 1979

Dr. Milton B. Asbell received the D.D.S. degree from the Baltimore College of Dental Surgery, Dental School, University of Maryland in 1938. He also holds the M.Sc. degree in Orthodontics from the University of Pennsylvania Graduate School of Medicine. Dr. Asbell, who is the Historian of the Unviversity of Pennsylvania School of Dental Medicine, has authored four books and numerous articles on dental history. He is currently a candidate for the doctoral degree in The History of Science, with a major in the history of medicine and dentistry, at the University of Pennsylvania.

Dr. H. Berton McCauley '36 was elected Secretary Treasurer of the American Academy of the History of Dentistry at their annual meeting held in Dallas this past October.

Dr. Edward R. Thompson '60 who became a Fellow of the American College of Dentists in 1978 is now serving as President of the Hudson County Dental Society in Bayonne.

Dr. Anthony A. Caputi '56 is Chairman of the Political Action Committee for the State of Rhode Island. According to Dr. William Creason, Chairman of the American Dental Political Action Committee, now every state in the union has such a committee. Dr. Caputi practices general dentistry in Newport, Rhode Island and has loyally supported his Alma Mater and all of its alumni activities.

Dr. (Colonel) Edwin B. Shiller, Class of '60, was appointed Director of the Central Office of the USAF Health Education Program. His duties include planning health education programs for more than 120 Air Force medical facilities. The Central Office provides resources for the Health Education Coordinators at hospitals and clinics, in subjects ranging from acne or frostbite to Tay-Sachs or veneral disease.

Dr. Bruce David Kent, who received both his D.D.S. (1978) and his B.A. (1974) from the University of Maryland, was awarded a certificate in general dentistry on June 15 from the Eastman Dental Center, Rochester, New York, after completing a year's postdoctoral training. Dr. Kent plans to continue his training for another year at The Genesee Hospital in Rochester.

Dr. Barbara Steinberg, who received her D.D.S. from the University of Maryland School of Dentistry in 1977, has served as a consultant to the Department of Health, Education and Welfare, helping to direct government funds to deserving hospital training programs.

As Assistant Director of the Department of Dental Medicine at the Medical College of Pennsylvania School of Dental Medicine, Dr. Steinberg specializes in the treatment of the "medically compromised" chronically ill patients with special dental problems. In October, she addressed the American Dental Association on this subject.

KATHARINE (Kate) TOOMEY L.L.D.

April 20, 1892 — July 6, 1979

(Editorial published in 1962 when Kate retired)

By now just about everybody knows that Katharine Toomey, "Kate" to her more effusive friends, has retired as Administrative Assistant at the Dental School.

The faculty, and several other groups, have already honored her in various ways. The Alumni Association has waited until the auspicious occasion of the 4th triennial meeting to express its love and respect for this truly distinguished woman—not only for what she has done for the association, but for her ever willing assistance and thoughtful counsel to all who sought her help.

If there was ever a person dedicated to the interests of dentistry—educationally, organizationally, and socially— it is Katharine Toomey. Her entire adult life was devoted to our profession. It was a full-time job and she more than met its demands with intelligence, energy and enthusiasm. Serving three Deans—Timothy Heatwole, J. Ben Robinson, and Myron Aisenberg—was for her a joyous experience of which she was quite proud. Little wonder that with time, and confidence in her judgement fully justified, she occupied a unique position of administrative influence and fully earned the respect of dental leaders.

Perhaps she shall be remembered best by the hosts of former students each having benefited in countless little ways from kindness which only they knew.

ENDOWMENT FUND REPORT

As of June 1, 1979 the balance in the checking account is $5,081.62. The balance in the endowment fund was $48,287.00. The Alumni fund made a payment of $650 on July 1, 1979. The $5,000 contribution to the dental school will be made from the checking account and there will be no withdrawal from the Endowment Fund.

ALEX L. BORO, D.D.S.
Treasurer

Report of the Historian-Archivist

The making of this Report marks the end of my fifteenth year as the Historian-Archivist of this Alumni Association. I am pleased to note that both the strength and the activities of the Association have increased steadily during the past few years. The greatly improved traditional relations with the Alma Mater during that period have been a very productive feature of the Association's continuing identity as an important supportive factor in the School's progress and has contributed vitally to its enlarged organizational values and to its more confident spirit of devoted helpfulness.

The once eagerly accepted but unwisely rationalized financial contributions of the national government to the School are now recognized truly as economic aid accompanied by imposition of autocratic regulations contrary to the good interests of effective dental education. The Alumni Association is acutely aware of the disastrous results visited on the School by the recklessly illogical and disturbingly unintelligent directions dictated by the government's authorities, who were enthusiastic about the increased quantity but impervious to the considerations of decreased quality in the production of graduates.

This Report cites with prideful recognition the presence of an alumnus in the greatest office of American dentistry—the presidency of the American Dental Association. Dr. Joseph P. Cappuccio, Class of 1946, is the tenth graduate of the Baltimore dental school to achieve that highly honorable distinction.

Does not your School possess the best record among all the dental schools of the country as the producer of ADA presidents?

GARDNER P. H. FOLEY

DAVIS AND DAVIS
Certified Public Accountants
COLONIAL BUILDING
634 FREDERICK ROAD
BALTIMORE, MARYLAND 21228

December 18, 1979

We have examined the statement of assets and liabilities arising from cash transactions of Alumni Association Baltimore College of Dental Surgery, Inc. as of June 30, 1979 and the related statements of revenue collected and expenses paid for the years ended June 30, 1978 and 1979. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Company's policy is to prepare its financial statements on the basis of cash receipts and disbursements; consequently, certain revenue and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinionm, the financial statements referred to above present fairly the assets and liabilities arising from cash transactions of Alumni Association Baltimore College of Dental Surgery, Dental School, University of Maryland, Inc. as of June 30, 1979, and the revenue collected and expenses paid during the years ended June 30, 1978 and 1979, on the basis of accounting described in Note (1), which basis has been applied on a consistent basis.

After taxes, what's the soundest, least expensive way to acquire equipment?

Healthco Custom-Lease®

a flexible, personalized, proven program
offered exclusively by
Healthco Professional Services Corp. a Healthco, Inc. subsidiary

Whether you are a new or established dentist, Healthco offers greater benefits than can be attained through conventional financing or normal leasing channels.

1. **For the new dentist:** A step-up "pay as you grow" payment schedule, geared to the growth of your practice and increased cash flow.
2. **For the established dentist:** Trade-in or trade-up programs permit you to acquire the newest equipment on the market at any time — without penalty.
3. **For the expanding practice:** With an open-ended lease, our flexible payment schedules and add-on programs encourage you to expand when you're ready. We rewrite your lease, extend the payment schedule — without penalty.
4. **Guaranteed rates:** Once Healthco is committed, no change in your rates.

Contact your Healthco sales representative today, or call Toll-Free, 800-225-2488. Ask for Joe Sands or Bob Wyner.

Ever wonder why some of your patients never come back?

Your patients expect and deserve the best. Otherwise, they become another doctor's patient. So you cannot afford to demand anything less than the best from your dental laboratory.

Take a hard look at your present dental laboratory and the services they provide. Do they offer you all the services you need, or do you have to call different labs for different services because of limited capabilities? Do their production schedules meet your requirements? Are their prices outrageous? Can they handle your intricate and detailed prescriptions?

Aronovitch Dental Laboratories has the reputation for being the best…that's why we've become one of the biggest labs in the Baltimore/Washington area. We are a full service laboratory providing prosthetic and restorative services that cover the complete spectrum of general dentistry. From fabricating porcelain fused to gold, porcelain jackets, Cermalloy® crowns and bridges, removable partials and full dentures or "precision" removable partials… give your patients the best. Call Paul Resnick, Sales Manager in Baltimore, 764-1014 or in Washington and northern Virginia, call 452-1262 for our quick daily pick-up service.

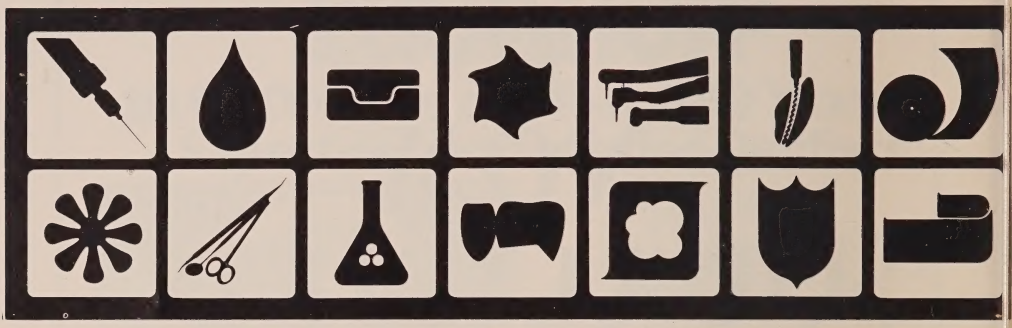
INTRODUCING

CENTRA™

Centra Dental Products



We Are Pleased To Announce...A new name to the dental profession ... a name identifying a new line of superior dental products available exclusively through the Patterson Dental Company ... that name is **CENTRA.**

CENTRA is a future-oriented name, symbolic of the latest and best developed products available in their function to the contemporary practice of dentistry...yet in keeping with Patterson's second century of service.

For many years the Patterson Dental Company has offered selected products under its own brand name. Through Patterson brands, and for certain products marketed under the Viking brand name, you have come to know that these products represented excellent quality at a very reasonable price.

The **CENTRA** line not only replaces these items but is an advanced step in quality and batch control exceeded by none in the industry.

We're proud to introduce **CENTRA** Dental Products to the profession... your Patterson representative will be asking you soon to take a step into the future by trying these advanced products.
